Subject: Substitute information

Good morning,

Elizabeth Keller has asked for some additional information on the substitute shortage as she prepares to go to the commission and ask for an extension for the restricted substitute license (I think that is right). NWRESA put together a report that I have attached and I am hoping that some of you may have some additional information that you could have someone in your office put together and send to Elizabeth as well. While NWRESA has multiple district information, even if you can send her your district's information that would be very helpful as she could add it to the document. Her timeline is short and she would need this information in the next week.

I know this is a busy time for everyone, but am hoping some of you can get her some additional supporting documentation. If you have additional questions, let me know.

Thank you,

dawn
